About Us

The Therapeutic Learning Center for Children was founded in 1986 to provide the opportunity for hope, growth, and change to children with special needs ages 2 ½ to 5.

Our students have a variety of special needs from Autism, Down Syndrome, Cerebral Palsy, and Social/Emotional Behaviors, as well as severe medical needs. Each and everyday of school, our students learn and grow so that they are better prepared for their futures!

Is there a cost to attend?

Student enrollment is funded by the St. Johns County School District.
